Slide Storage Box

Designed as a convenient solution for temporary storage and transferring slide
Accommodates both the **AA**® standard microscope slides in dimensions of 75.0mmx25.0mm with thickness from 0.8mm to 1.2mm and also the microscope slides of 76.0mmx26.0mmx(0.8-1.2)mm on the market.

- Made of ABS material, re-usable
- Snap closures/metal lock and hinged-lids provide safe operation
- A water-proof index card mounted inside the lids allows for simple specimen identification
- Cord sheet gaskets prevent the slides against movement shakes
