

Storage Cabinets

Specimen filing and storing is one of the biggest issue for the pathology department. Directed by user demands and preference, **AA**® have been manufacturing and supplying several models of storage cabinets since many years ago. The storage cabinets are constructed by Iron material or heavy-duty ABS material, in Table-Top design for less sampling and convenient transport or in the traditional standard design for mass specimen filing& storing.

- Made of heavy-duty Iron material, W/ plastic powder coating, chemical resistant
- Each unit contains six interchangeable drawers, fitted with cardholder and brass knob
- Drawers slide smoothly and quietly, available with or without dividers
- Deckable and lockable storage cabinet units with the interlocking system for safely storage
- Available in WHITE, GREEN and TAN color

NEW

The interlocking system makes it possible to stack the LuxPATH™ storage cabinets for safely storing more slides.

The strong built-in separating wall between every two drawers helps realize smooth sliding.

The pre-assembled brass knob provides with convenient push-in and pull-out

Preserved grooves in front of each drawer slot accommodate long I.D labels that are supplied with the unit but not pre-installed.

Dimensions: 402mm, 477mm, 126mm, 476mm, 402mm, 129mm
