

Showers & Eyewashes

Composite Eyewash EW-001

Carbon steel and ABS composite eyewash

Coating thickness :	250-300um
Working pressure	:0.2-0.4 MPa
Flow: shower heads	120-180 liters / minute
Eye wash nozzles:	12 l / min

Features

Red eyes soft foam nozzle flow,
improve the cleaning efficiency of 50%
compared to ordinary wash nozzle.
Performance: super acid, alkali, salt, oil
and other corrosive chemical substances.
